NEW YORK, March 11.—The dry goods market rules generally quiet with some slight business pussing in the primary markets on domestic and gray cottons, a good business on fancy shirtings for next spring's delivery, a lightly better trade in knit goods and underwear, slow trade in staple si'ks, but a fair trade in novelties and specialties. The recovery from the dulines of a month ago is becoming more pronounced, but it is still far from a normal condition in nearly all lines.

Spotsylvania Negro Charged With Taking Horses Out of Stables.

[Special to The Times-Dispatch.]

SPOTSYLVANIA, VA., March 11.—
Following the taking of the horse, saddle and bridle of Rev. Dr. George H. Ray from his stable some two weeks ago, the taking of sundry other horses belonging to other people at different intervals since the first offense has occurred several times, and finally the attention of the citizens was directed to a colored man living in the village as the guilty man, and as the outcome of an investigation made by Mr. James A. Harris, on yesterday a warrant was sworn out against Thomas Pryor, colored, in the employment of Dr. William A. Harris, and he was arrested and put into jail to await a preliminary examination.

This negro, it is alleged, would enter the stables of citizens after dark, take out a horse, saddle and bridle, and take a ride of some eight or ten miles, and, returning, would each time turn the horse loose upon nearing home.

Judge Barksdale Sets Aside Verdict of Murder in Second Degree. [Special to The Times-Dispatch.]

LYNCHBURG, VA., March 11.—In the Circuit Court at Rustburg yester-day Judge Barksdale set aside the verdict in the case against Emmellies Moss (colored), who was convicted and given five years in the penitentiary for causing the death of her infant child in the suburbs of Lynchburg last September. The five-months-old child, it was alleged, was abandoned by the mother and allowed to starve beford it was discovered.

The defense, in making a motion for a new trial, contended that the woman

LOCAL MARKETS

and prices show a slight tendency for the better. The spring-like weather will probably cause the market on country produce to take quite a brace.

Bradstreet's Saturday will say for Richmond and vicinity: Some late buyers and a number who postponed their usual early spring purchases have appeared on the market, and there has consequently been some increase of sales in shoes, dry goods, hats, clothing and kindred lines, and indications are that business for this month will be better than it has been since the fall. Jobbers of groceries and provisions report fairly satisfactory conditions, with here and there evidences, of improvement. Produce is in fair demand, with a supply ample for needs. Manufacturers of trunks and bags are looking for a fair amount of orders. There have been no important resumptions among saw-mills, but a hopeful influence is felt in that trade, and prospects seem brighter than for some months past! Some building operations have been planned for the near future, and a fair number of residences and some smaller work are in course of erection. Retail trade continues dull. Collections in some lines are improving.

Addition to Business Interests of Chatham—Like Amended Charter.

[Special to The Times-Dispatch.]

CHATHAM, VA., March II.—John R. Yates, for several years in the mercantile business near the Southern Depot of this place, very recently sold his business to John D. Blair, of Rondo, Pittsylvania, who has taken charge and will continue in the same line of business. Mr. Yates has rented the store recently vacated by S. S. Spruce, and will open a general line of groceries and dry goods as soon as the house can be put in readiness.

The bill which passed the House of Delegates Saturday night amending the charter of Chatham meets with the charter of Chatham meets with the Seneral approval of the bill is to allow brincipal feature of the bill is to allow brincipal feature of the bill is to allow the town lavy to be increased from 1500 of property. This increase will furnish sufficient revenue to defray the increased current expenses of the town. The water tax was very recently increased of per cent, which in all probability will be lowered as soon as the levy on property is increased.
